Obafemi Awolowo University
2018-2023

PROJECTS

Archi NG

My knack for problem solving gave birth to this app which is my solution to a problem I faced during my years as an architecture student when it was always to hassle to get local case studies for my studio project.

Tech stack: React JS, Next JS, SCSS/CSS, Firebase

Countries App

It's a simple app that leverages the power of APIs, (REST Countries API) to provide an app that allows you to search for and get information about any country in the world.

Tech stack: React JS, CSS and Styled Components
